

HAMPDEN-SYDNEY COLLEGE FACT BOOK 2021-22

Compiled by the H-SC Office of Institutional Effectiveness

The H-SC Fact Book is an easily accessible reference document that provides a reliable source of information about the Hampden-Sydney College community, its resources, and its operations. It is published annually each fall, and is a summary of institutional data gathered from multiple areas of the College, including student enrollment; course enrollment measures; key statistics regarding admissions and financial aid; retention and graduation rates; faculty salary; key measures in development; the Library; and various financial data including measures of the costs of attendance, endowment, revenues, and expenditures. It is compiled to capture the fall semester of the 2020-21 academic year, as well as the 2019-20 fiscal and academic year. When possible, multiple years of data are provided for historical perspective. While not all encompassing, the Fact Book does provide relevant facts and figures valuable and frequently requested by administrators, faculty, staff, publications, government agencies, and students.

Hampden-Sydney College Fact Book 2021-22

Compiled by the Office of Institutional Effectiveness

Mission

Hampden-Sydney College seeks to form good men and good citizens in an atmosphere of sound learning.

Office of Institutional Effectiveness Mission and Vision

The mission of the Office of Institutional Effectiveness (OIE) is to provide accurate, appropriate, and timely information to Hampden-Sydney College constituents, State Council of Higher Education for Virginia (SCHEV), the Federal government, and other external constituents. In addition, the Office of Institutional Effectiveness provides a variety of services to administrators, faculty, staff, and students with the intention to improve learning, teaching, and services on campus. Our vision for Institutional Effectiveness is to help the College: be data informed, not data driven; share what we have discovered, and highlight our endeavors to clearly articulate information regarding the institution, and communicating with data-informed stories; build a culture of evidence through efforts to centralize data; and engage and empower our campus community. The OIE of Hampden-Sydney College strictly adheres to the “[Association of Institutional Research Statement of Ethical Principals](#).”

The Department of Institutional Effectiveness supports the College mission of “forming good men and good citizens in an atmosphere of sound learning” by gathering qualitative and quantitative data for College constituents that will lead to sound decision making for the College community.

In alignment with the OIE outcome to “... inform and support a culture of institutional effectiveness through improved communication of data collections and assessment tools,” the Fact Book is published annually to provide relevant information to the College community.

Hampden-Sydney’s first known Fact Book was compiled by Dr. Paul S. Baker in 1985.

AIR Statement of Ethical Principles

The Association for Institutional Research affirms the following overarching principles regarding the use of data to facilitate insights and improve decision-making. These principles guide us as we promote the use of data, analytics, information, and evidence to improve higher education.

We act with integrity:

We recognize the **consequences** of our work. The analytic algorithms and applications we build and/or implement, as well as the policy decisions incorporating information we analyze and disseminate, impact people and situations.

We acknowledge that the individuals whose information we use have **rights**, derived from both legal and ethical principles that can cross national borders.

We make intentional efforts to protect their information from misuse or use that could cause them harm. We protect **privacy** and maintain **confidentiality** when collecting, compiling, analyzing, and disseminating information.

We act as **responsible data stewards**. We secure the data and information over which we have control, following generally accepted guidelines and professional standards for physical and electronic security and data sharing.

We provide **accurate and contextualized** information. We do not knowingly or intentionally mislead the consumers of our information.

We deliver information and analyses **appropriate** to the questions being asked, to the quality of the data available, and to the context in which the questions are asked.

We seek to be **fair and transparent**, minimizing our own personal biases in our research assumptions, methodologies, and conclusions.

We avoid **conflicts of interest**, and disclose them when unavoidable, particularly with third parties and vendors. We act in the best interests of our institutions, students, and stakeholders.

We strive to make our work **accessible** to those who need data, information, and analysis to generate insight and make decisions.

We share **knowledge** of the Institutional Research field and its application so we may facilitate insights and promote common understanding to our institutions and stakeholders.

We value lifelong learning and the enhancement of our field. We draw on and contribute to relevant and emerging **scholarship** and educate ourselves on developing trends. We utilize those methods and techniques for which we have, or can obtain, appropriate knowledge and capabilities.

We recognize that technological advancements have and will continue to impact our work. We remain committed to serving as educators and role models on the ethical use of data to benefit students and institutions and to improve higher education.

Accreditation

Hampden-Sydney is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), which can be reached at 1866 Southern Lane, Decatur, Georgia 30033-4097; 404-679-4500. Hampden-Sydney was first accredited by SACSCOC in 1919, and in 2017 our accreditation was reaffirmed through 2027.

The Fact Book supports the following standards of the Southern Association of Colleges and Schools Commission on Colleges, *The Principles of Accreditation: Foundations for Quality Enhancement* (2017 Edition):

Standard 3.1.c: An institution seeking to gain or maintain accredited status is in operation and has students enrolled in degree programs. (Continuous operation) [CR]

Standard 7.3.: The institution identifies expected outcomes of its administrative support services and demonstrates the extent to which the outcomes are achieved. (Administrative effectiveness)

Standard 8.1: The institution identifies, evaluates, and publishes goals and outcomes for student achievement appropriate to the institution's mission, the nature of the students it serves, and the kinds of programs offered. The institution uses multiple measures to document student success. (Student achievement) [CR]

Standard 8.2. a and c: The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of seeking improvement based on analysis of the results in the areas below:

- a. Student learning outcomes for each of its educational programs. (Student outcomes: educational programs)
- c. Academic and student services that support student success. (Student outcomes: academic and student services)

Hampden-Sydney College is also a member of the Association of Virginia Colleges, the Virginia Foundation for Independent Colleges, the Association of American Colleges, the Southern University Conference, the College Entrance Examination Board, the American Chemical Society, and the College Scholarship Service.

Current and past issues of the Hampden-Sydney College Fact Book are available upon request from the Office of Institutional Effectiveness.

Notes: The first percentage for recipients is of the total students receiving an award for that program; the second is the percentage of the subgroup. The first percentage after dollars awarded is of total dollars for that program; the second is the percentage of the total dollars awarded to the subgroup. Subtotals and totals reflect unduplicated recipients.
