

Applied Mathematics Major Checklist 2023-24

DEPARTMENT CHAIR: Dr. Brian Lins Pauley Science Center 301, (434) 223-6264

Please note that departmental contact is strongly recommended to further aid your academic planning. Irregularities in offerings do occur as a result of sabbaticals and medical leaves.

Applied Math majors must complete at least 10 courses.

Applied MATH

**Recommended for
future engineers.**

- _____ MATH 141
- _____ MATH 142
- _____ MATH 222 (spr)
- _____ COMS 261/271 (Complete before Jr. yr.)
- _____ MATH 231 (spr)
- _____ MATH 254 (spr)
Formerly Math 252
- _____ MATH 242 (fall)
- _____ MATH 421 (fall/odd) Jr. or Sr. year
- _____ MATH _____
(↑ 400-level)
- _____ MATH Elective _____
(200-level or ↑)

} Recommended yr 1

} Recommended yr 2

↑
COMS 262/272 may be substituted for the 200-level elective above.

❖ Recommended ❖

Future Engineers:

MATH 243, 342 & COMS 261/271

Future Actuaries, Statisticians and MBAs:

MATH 222, 331 & 422

Information for Applied MATH majors:

- Applied MATH majors should plan several semesters ahead to ensure their ability to enroll in coursework ideal to their skills and interests. Students should consult with MATH faculty.
- Planning and executing study abroad experiences require MATH faculty consultation before and after such study.
- Majors are encouraged to participate in Math/COMS Club, Problem of the Month, the Math Colloquium Series, the Energy Research Group, and annual contests such as: VaTech Regional Math Contest, the national Putnam Exam in Mathematics, COMAP-MCM (a four-day international team competition where students clarify, analyze and propose solutions to an open-ended problem, culminating in a paper.
- Interested in working as a tutor for the MATH department to keep your skills sharp— See Prof. Strayer, Morton 026.
- Majors are also encouraged to participate in undergraduate research through summer research opportunities on campus and then after their junior year through REU (Research Experience for Undergraduates.)
- Suitably qualified students may pursue independent studies via 495 courses. Honors work may also be taken via 461-462- Honors in Mathematics.

UNOFFICIAL FORM- OFFICE OF ACADEMIC SUCCESS.

Successful completion of the above items does not alone guarantee that graduation requirements have been met. Please see advisor.
